MARRIED.

On July 18, by the Rev. H. H. Parker, at the residence of J. A. Meriton, Miss Vera A. Widdifield and Norman E. Gedge.

LOCAL & GENERAL NEWS.

A nice cottage on Liliha street is advertised to let.

Rough weather is the report from Kapa by the Mahee this morning.

Miss Prescott's literary and musical entertainment at the Y. M. C. A. hall this evening.

Street cleaners were at work on Fort street, between Merchant and Queen streets, this noon.

The schooner Waioli has been named Lavinia, after Mrs. Kapu, and will ply between Ewa and Honolulu.

Persons desiring clothing repaired, altered or cleaned should go to T. H. Wesels, corner of King and Alakea streets.

The Custom House closed at noon today, and flags were at half-mast, out of respect to the memory of the late Mrs. Austin.

The regular quarterly meeting of the Pacific Hardware Co. will be held at their office on Thursday, July 26, at 10 o'clock a. m.

The King, Hon. J. A. Cummins and several naval officers left for Waimanalo by the steamer J. A. Cummins this morning.

The dues from the members of the Honolulu Debating Club to July 31, will be payable to-night. Members are requested to take notice.

The regular monthly meeting of the W. C. T. U. which was to have been held this afternoon is postponed until 2:30 p. m. to-morrow afternoon.

The Debating Club will discuss tonight Free Trade and Protection. It is expected that in view of the interest which every one feels in this subject, the hall will be crowded with members.

EVENTS THIS EVENING.

A business meeting of Co. A Honolulu Rifles, will be held in the Armory, at 7:30 o'clock.

Literary and musical entertainment, at the Y. M. C. A. Hall by Miss Prescott, assisted by other local talent, at 7:30 o'clock.

Meeting of the Honolulu Debating Club, in the hall of Oahu Lodge K. of P., at 7:30 o'clock.

Band Concert at Emma Square, at 7:30 o'clock.

Monthly business meeting of the Y. M. C. A., in the parlors of the Association, at 7:30 o'clock.

ON VIEW.

A number of oil paintings, water colors, crayons, and pen and ink sketches, by pupils of St. Louis College, are on exhibition at King Bros.

An oil painting of a mill on the banks of a mountain stream, by W. F. Kaee, will not stand the sharp pen of a critic, though it speaks very favorably for his progress. In other works by Kaee his talent is better shown.

The Lord's Prayer, a winter scene, a basket of fruit, a group of animals, by this youthful artist in pen and ink, water colors and crayons, are to be proud of.

Master Jesse Makainai shows careful study and gifted talent in his several sketches of a camel among Egyptian ruins and a woman and a man's head, the latter in deep study.

W. Hoapili's sketch of a tangled clump of roots, Ben Peter's castle ruins, D. Hoapili's dog and cat, E. Kehehena's river scene, and Richard C. Lane's mountain view are also worthy of attention and commendation.

Straw Hats in great variety, Embroidery, Chenille, Arrasene, Ribbons, Embroidery Silk, Zephyr and Worsted in all shades at the Arcade.

A LIBERAL MOOD.

The solons of the country were in a good humor yesterday, and lavish and extravagant appropriations were made. The first item outside of the bill prepared by the Ministry was proposed by Rep. Kinney, \$5,000 for a survey of Hamakua.

This item after a long debate passed, but it was the signal for everyone who had a pet scheme or wished to conciliate their constituents, to propose insertion for various amounts from \$300 to \$10,000, and for all sorts of objects, from building a \$250 bridge to establishing extensive water works. This generous freak for appropriating the people's money will cost the country about \$40,000 more than the Ministry reckoned on when the bill was prepared, provided all these items pass third reading.

When that time comes the Assembly may not feel in as liberal a mood, and then a cutting and slashing of many of these items will take place. A retrenchment has got to be made somewhere, or the country will be saddled with an appropriation bill that will be out of all proportion to the revenue.

The action of the members yesterday was like that of two persons sleeping together. One says to the other, you scratch my back, and I will scratch yours; or, in other words, if you support my motion for the insertion of \$2,500 for bridges in my district, I will support your motion for \$10,000 for water works in yours. Now this may be nice for the law makers, but how about the people whom they represent? Is it probable that they wish to have their money spent in this lavish manner, and that, too, which has to be borrowed at no less than 6 per cent interest with other charges? There are many necessary things which have to be done, and some others that may at first glance be considered luxuries, that a careful investigation proves to be advantageous to the country at large, while directly, only benefitting a

few. These the Ministry have carefully considered, and have placed such amounts in the Appropriation Bill as they think will be needed for such work, being governed by the estimated receipts of the Government from all sources. But if these extravagances are continued, it is evident that some department of the Government must suffer, as it will be utterly impossible for the Government to raise the money with which to carry on such projects, and pay its running expenses, together with the cost of proposed measures that cannot be put off or slighted.

Some of the items passed were for quite as frivolous purposes as the one proposed by the honorable Noble Hitchcock from Hilo, and that was that the sum of \$5,250 be inserted in the bill to build snow sheds over the road at Kiholo, Kona, where the road goes through a cut in the mountain, and where the thermometer was never below 65 degrees Fahrenheit, and no snow nearer than five miles from the place, on top of the mountain. This item was only proposed by the honorable gentleman, with the view of bringing before the House the ridiculousness of certain measures proposed and carried; but ridicule and sarcasm fell flat on that august body, and the appropriations went on.

The hour for adjournment brought this day to a close, and it is to be hoped that the same feeling will not pervade the members when the bill, in its regular course, comes up again for consideration. X.

Legislative Assembly.

42ND DAY—July 18.

MORNING SESSION.—CONTINUED.

Noble Smith moved to amend by using the words "for a survey and investigation of a water supply for Hamakua, \$5,000." He said he did not like the word "survey." It might imply a great deal. He amended his amendment by inserting the word "Kohala." He said the member for Hamakua is about to get up. If he wishes to confine this survey to Hamakua, he is like that animal we were discussing when the House adjourned yesterday.

Rep. Kinney spoke in favor of spending the money for Hamakua only.

Noble Young said that the Hamakua people had made a business proposition to this House. Although he was in favor of bringing water to all dry places, he should favor the expenditure of this money in Hamakua only, and if the Government have sufficient money then another appropriation may be made for Kohala.

Noble Hitchcock said the amount asked, \$5,000, was not sufficient for both these surveys. It could not be done. As there is at least 6 or 7 miles of bush to level through before one can get anywhere near the water in Kohala. Therefore he should support the motion of Rep. Kinney.

Noble Wight said that something had been said about the people of Hamakua paying for the water, and no proposition had been made by the people of Kohala. He said that he was to blame for that, for after the last session, he had stated in Kohala that the Government would probably make a survey of this water supply. He had no doubt but that the Kohala people would gladly pay 6 per cent to the Government or as much as the people of Hamakua.

Rep. Paeahole moved to make the item \$2,500. Lost.

Rep. Kinney's motion was carried. The committee rose and asked leave to sit again at 1 p. m.

AFTERNOON SESSION.

The House re-assembled at 1:15 p. m., and went into committee of the whole, Rep. Kaulukou in the chair, to resume consideration of the Appropriation Bill.

Rep. Rice moved to insert \$3,000 for Water Works, Koloa, Kauai, and that it be referred to a select committee. Carried.

Noble Richardson moved to insert \$10,000 for Wailuku Water Works. This item was also referred to the same select committee.

Noble Wight moved to insert \$3,000 for a survey of the headwaters of Kohala, and to ascertain the feasibility of bringing the water into Kohala district. Carried.

The following items were passed:

For storage reservoirs, and water privileges in Nunnun Valley.....\$31,200

Water Works, Makikiiki.....5,000

ROADS AND BRIDGES.

Road from Hilo to Volcano.....\$30,000

Noble Baldwin moved to insert \$15,000 for a road between Wailuku and Lahaina. He said that this was a new item. It had been repeatedly before the Legislature, but nothing had come of it. It was a notorious fact that the average life of people living in Lahaina and Wailuku was at least 5 years less than that of any other district, on account of having to cross this miserable road. As the House was in a good humor for passing road items he had no doubt this item would pass.

Minister Thurston said that he should support that motion, as he

believed that all the money available should be spent on the roads. And the sum of \$48,000 for the Pali road, he thought could be more profitably spent on the country roads. He should move to strike out this item when they came to it. Noble Baldwin's motion was carried.

Noble Mabee moved to insert \$5,000 for the extension of Queen street, as recommended by the Committee of Public Lands.

Noble Townsend said he should like to see these items consolidated. He did not know whether Honolulu was getting its share of the money or not, but as he reckoned it, \$266,000 were on the Appropriation Bill, for the island of Oahu and Hawaii, seven-eighths as large as Oahu, only \$55,000. He would like to see these amounts all together, and then a comparison could be drawn. The motion of Noble Mabee was carried.

Rep. McGuire moved to insert \$500 for a bridge over Keawewa stream in Kohala. Carried.

He also moved to insert \$1200 for road repairs between Kohala and Waianae, Hawaii. Carried.

Rep. Kamaoia moved to insert \$600 for a road from Smith's bridge mauka. Withdrawn.

The item of \$8000 for a road to the top of Punchbowl was discussed at length. Noble Smith moved to refer it back to the Finance Committee.

Noble Baldwin was in favor of making it a toll road, but thought the item should be referred to a Select Committee, and then the Minister of the Interior could cart them up there on a picnic, and get on the right side of them. He should move that the road should not be built until after the road from Wailuku is made.

Minister Thurston said to show the House that he was in dead earnest in this matter, he was in favor of referring this to a Committee, and further, he would furnish every member of this House with a horse, and would accompany them to the top of the hill on next Saturday afternoon, so that they could see for themselves the beauty of the scene as witnessed from that place. Referred to a Committee.

Noble Wight moved to insert \$3,000 for a road from Honokane to Waipio, Hawaii. Carried.

Rep. McGuire moved to insert \$800 for a bridge over Waiaken stream, Hawaii.

Noble Hitchcock said he could begin to see a "nigger on the wood pile" in piling up all these appropriations for bridges and roads. He thought some one had been round and started the members to propose these items, in order that the Governors might have something to do. It seems absurd to appropriate money for a bridge over a stream that is dry 364 days in the year.

Rep. McGuire said he was born in the district and had never seen the stream dry yet, but on the contrary it was often impassable. The item passed.

Rep. Paeahole moved to insert \$1000 for a bridge over the Halawa stream, Molokai. Carried.

Rep. Nawahine moved to insert \$2,500 for two bridges at Waihee, Maui.

Minister Thurston said that this district has \$28,000 to its credit for roads and bridges and he thought that no more should be appropriated. If the House is going on this way, they will soon swell the appropriation bill a million dollars, and it is evident that all these projects cannot be carried out, and then the Ministry will get the credit of not doing their duty, and the people in the country, will urge it upon their Representative to kick them out. The motion was lost.

Kamehameha IV road.....\$1,000

Kalihi road.....2,000

Panua road.....1,500

The item for \$5,000 for a road from Kapiolani Park to Kamoiliili was next taken up.

Noble Townsend said he was satisfied that there was considerable log-rolling about these appropriations. He could not see why these items were not placed in a lump sum, unless it was to tickle some voters, and conciliate others. The item passed as in the bill.

Rep. F. Brown moved to insert \$9,000 for bridges and breakwater in Koolaukoko. Withdrawn.

Noble Hitchcock said he had been listening attentively to hear from the member for Kona, but as yet he had not said a word. He therefore moved to insert \$5,250 for a snow shed over the road near Kiholo, Kona. This road goes through a cut in the mountain.

Rep. Kauli moved to insert \$5,000 for roads and bridges for Ewa and Waianae. Lost.

For macadamizing streets in Honolulu.....\$69,000

Rep. Richardson moved to insert \$10,000 for macadamizing the streets of Wailuku and Kahului. Lost.

Bridge over stream at Wailua, Kauai.....\$12,000

On motion the committee rose, reported progress, and asked leave to sit again.

The following committees were appointed:

On the items \$3000 for Water Works at Koloa, Kauai, and \$10,000 for Water Works at Wailuku: Hons. Rice, Smith, Richardson, Wall and Bertlemann. On the item of \$8000 for road to top of Punch-

bowl: Hons. Young, Robinson, Naeone Dole and McGuire. The House adjourned till Thursday.
